The Surfrider Foundation created the Ocean Friendly Hotels program to respond to the plastic pollution crisis in our ocean and along our coasts. The goals of the program are to help hotels reduce single-use plastic waste, eliminate the use of expanded polystyrene foam and mini toiletry bottles, and support sustainable practices that protect the marine environment through improved conservation efforts. The larger we grow our network of Ocean Friendly leaders, the more mainstream the concept of plastic-free becomes.

What is an Ocean Friendly Hotel?

OCEAN FRIENDLY HOTELS

We Are An Ocean Friendly Hotel
