

# Club Goals

Our student clubs focus on the development of environmental stewardship through project-based learning at schools, campuses and community centers. Projects range from beach cleanups, to reducing single-use plastic usage, to creating a more eco-friendly campus.

## OUR CLUBS TEACH YOUNG PEOPLE TO:

- Develop awareness of issues affecting our waterways and coastlines.
- Construct collaborative solutions.
- Cultivate communication skills to motivate others to action.
- Engage in hands-on field experience opportunities to help with future career aspirations.
- Foster a passion to make a difference in the world around you.

# Student Club Network

Join or start a club and protect our ocean, waves and beaches.

# Student Club Network

The Surfrider Foundation launched its student club network in 2008 in response to overwhelming interest across the country from young people that wished to become more involved in our mission.

Our student club network creates a platform for young people to influence environmental action through service, development, leadership, civic engagement and organizing by way of collective empowerment of our chapter network.

Club projects and activities are designed to address issues in local communities. Projects include water testing rivers and beaches, building ocean friendly gardens, retrofitting water fountains with water bottle refill stations, beach clean ups and adoptions, dune and mangrove planting, setting up recycling programs and much more!

# Ways To Get Involved

## ORGANIZE A CLUB

Unlike any other school club, our clubs provide access to the largest volunteer network solely focused on protecting our coastlines and waterways. A club consists of a minimum of 10 students, an officer and an advisor working collectively on an environmental service project. There is no cost to create or be a member of the club. This is a great way to build experience for your college applications and future resumes.

Submit an online request to receive your club application and packet at [surfrider.org/student](https://surfrider.org/student).

## BECOME A MEMBER

Join our student club network and show your support for the protection of our ocean, waves and beaches.

## VOLUNTEER

Want to do something cool over school break? Volunteer with the Surfrider Foundation for school credit. It's fun and very educational!

## JOIN THE CONVERSATION

Participate in online skills training with special speakers who will present their amazing projects and show you how to start projects of your own.

## TAKE ACTION

Stay informed and sign up for Action Alerts! We don't just play, we win. And we want you on our team.
