Programs

Better Beach Alliance

Our program to tackle ocean litter – primarily caused by plastic pollution – through education for action, community science, and campaigns.

Blue Water Task Force

A volunteer-run, water testing, education and advocacy program used to alert the public and officials in their communities about water quality problems and to work toward solutions.

Ocean Friendly Gardens

Surfrider's sustainable landscaping and education program that provides beautiful, inexpensive and natural solutions to reduce polluted runoff and support resilient coasts.

Ocean Friendly Restaurants

A program to help restaurants reduce single-use plastic and make sustainable choices for our ocean.

Ocean Friendly Hotels

An expansion of Surfrider's Ocean Friendly Restaurants program to support and showcase even more businesses that are turning the tide on plastic pollution.

Climate Action Program

Connects volunteers to restoration projects that harness the power of nature to fight the effects of climate change and help protect coastal communities.
